

# Fire Painting Wooden Chest

Instructions No. 230

Difficulty: Advanced

Working time: 1 hour

It Wooden burning was originally used quite practically for marking private property. But it can do much more! With a little practice and a sure instinct, filigree patterns and lettering are created, which turn a simple blank into an unusual unique specimen. The extraordinary look is not achieved with any other technique, which is why it is so interesting and still up-to-date today.

VBS Chest with insert
