

Tontöpfe mit der Cricut Joy gestalten

Instructions No. 3027

Difficulty: Beginner

Working time: 2 Hours

Ces pots en terre cuite arborant chacun une partie de l'inscription « Let it grow » ont fière allure. Ils sont l'illustration parfaite de la rapidité et de la facilité avec lesquelles il est possible de réaliser des idées créatives avec une machine Cricut Joy.

Découvrez vite comment faire...

Remove the film around the words so that only the words are left on the backing film. Stick the transfer film over it. Then peel off the backing film and stick the words with the transfer film onto the terracotta pots. Now you can also remove this film, done.

If you don't have a plotter machine, you can also print out the templates as a PDF file, transfer them manually onto the vinyl film with a pencil and cut out the lettering.
