

VBS creative set "Snowmen"

Instructions No. 2291

Difficulty: Beginner

Working time: 3 Hours

Make **five fun snowmen** for your home. They look cute on the windowsill or on the dresser and are easy to make. You can design them just as you like - funny, mischievous, surprised or laughing, for example.

Our **practical VBS creative set** contains everything you need to make five funny snowmen with a height of approx. 10 cm. All you need is hot glue and a fineliner to draw the mouths.

This is how the cute snowmen are made:

First paint the **terracotta pots** with white craft paint. You may need to apply a second coat of paint.

Stick the **cotton wools** onto the terracotta pots with hot glue.

Roll up the **mini caps** and stretch them a little so that you can pull them over the cotton wool balls. The caps should also be fixed with a little hot glue.

Attach **pom-poms** as cap pom-poms, nose and arms and glue on the wiggly eyes.

Glue the small **wooden beads** as buttons to the snowman body.

Use a **fineliner** (e.g. Micron) to add a mouth and the funny snowman gang is ready.
