

XXL Winter birds

Instructions No. 2944

Difficulty: Beginner

Working time: 3 Hours

These cute **Christmas birds** with their big eyes conjure up a beautiful decoration in your home. No matter where they hang, they are always an eye-catcher.

The birds can be made in no time at all with just a few materials and look great too.

In these instructions, we show you how to make these wintry birds.

5. Apply some glue to the eyes, beak and angel wings and stick them to the polystyrene balls. Then colour in the pupils with a black pen (e.g. acrylic marker).

6. Finally, cut an 8 cm wide piece from the short side of the craft felt and tie it around the birds' necks with a simple knot. Trim any ends that are too long and cut fringes into them. A great scarf is finished!

Your funny Christmas birds are ready and can be given a great place in your home.

Would you like to make these cute birds in small? Then our VBS craft kit "Birds" is just the thing.
